

LEGEND
tokens = 8 frames x 16 x 16 patches per frame
8, 3, 224 = clip frames, RGB channels, crop pixels
77 = max text tokens; 184 = number of class phrases
1024 = vision token dim; 512 = shared CLIP space
green = inputs; yellow = operations; dashed teal = frozen towers
all weights used exactly as released; we train nothing here
orange = where our pipeline touches this model
